

# GLEN ECHO SNOW EMERGENCY ROUTE

No Parking on the sides shown: **—————**

To implement the new Snow Emergency Route and facilitate Fire and Rescue access, please observe the following restrictions during snow emergencies:

No parking on:

- The upper side of University Avenue (NOTE: THIS IS A CHANGE; snow will melt faster on the upper side in the sun),
- The west side of Oxford Road between MacArthur Boulevard and University Avenue,
- The inner side of Wellesley Circle, except for the small “dead-end” section above University Avenue,
- The inner side of Vassar Circle between Cornell and University Avenues,
- The west side of Cornell Avenue between MacArthur Boulevard and Vassar Circle.

Residents of University Avenue who have other options for street parking are requested to use those options instead of parking on University Avenue.

Thank you for your assistance.
